WELCOME

We are excited for you to join us for the 7th Asian and Oceanian Parkinson’s Disease and Movement Disorders Congress (AOPMC), taking place in a virtual format on June 4-6, 2021.

While this virtual meeting will not replace the live AOPMC experience, we are looking forward to engaging with our regional community of clinicians, scientists, and healthcare professionals on our interactive platform. We promise to deliver the best quality science with innovative networking and educational opportunities supported by virtual technologies.

We are grateful for your continued support of the MDS-AOS and hope you will reach out to those MDS-AOS members in your area to join us this June for the 2021 Virtual AOPMC.

Sincerely,

Roongroj Bhidayasiri, MD, FRCP, FRCPI
Chair, MDS-Asian and Oceanian Section

ABOUT MDS

The International Parkinson and Movement Disorder Society (MDS) is a professional society of clinicians, scientists, and other healthcare professionals who are interested in Parkinson’s disease, related neurodegenerative and neurodevelopmental disorders, hyperkinetic movement disorders, and abnormalities in muscle tone and motor control.

PURPOSE, MISSION AND GOALS

Purpose:
The objective and mission of the Society shall be to advance the neurological sciences pertaining to Movement Disorders; to improve the diagnosis and treatment of patients; to operate exclusively for scientific, scholarly and educational purposes; to encourage research; to provide forums, such as medical journals, scientific symposia and International Congresses, for sharing ideas and for advancing the related clinical and scientific disciplines; to encourage interest and participation in the activities of the Society among healthcare and allied professionals and scientists; and to collaborate with other related professional and lay organizations.

Mission and Goals:
To disseminate knowledge about Movement Disorders by:
- Providing educational programs for clinicians, scientists and the general public designed to advance scientific and clinical knowledge about Movement Disorders
- Sponsoring International Congresses and Symposia on Movement Disorders
- Collaborating with other international organizations and lay groups
- Publishing journals, videotapes and other collateral materials committed to high scientific standards and peer review

To promote research into causes, prevention and treatment of Movement Disorders by:
- Using the Society’s influence and resources to enhance support for research
- Facilitating the dissemination of information about research
- Encouraging the training of basic and clinical scientists in Movement Disorders and related disorders

For the purposes of favorably affecting the care of patients with Movement Disorders, the Society will provide expertise, advice and guidance to:
- Regulatory agencies to assist them in the approval process of safe and effective therapeutic interventions
- The public (media) and patient support groups by informing them of new research and therapeutic advances
- Governments to assist them in the development of policies that affect support of research and patient care
- Educational efforts to assist in developing standards of training in the specialty

ABOUT MDS-AOS

The mission of MDS-AOS is to represent and promote the International Parkinson and Movement Disorder Society (MDS) in Asia and Oceania. Membership of MDS-AOS is open to all members of MDS within the Asian and Oceania region.

The Asian and Oceanian Section was formed in 2006 at the 10th International Congress of Parkinson’s Disease and Movement Disorders in Kyoto, Japan. MDS-AOS aims to facilitate communication between clinicians and researchers in the region; disseminate updated knowledge about Movement Disorders; improve quality of life and independence of movement disorders patients and caregivers; and promote research in Movement Disorders within the region.

For further information on MDS-AOS or its educational opportunities, please visit www.movementdisorders.org/MDS-AOS.

Become an Associate Member of MDS

MDS Associate Membership Program
Non-members attending the 2021 Virtual AOPMC have the opportunity to receive membership with MDS absolutely free for a year. Eligible participants will be invited by email to apply for free Associate Membership. Interested individuals are encouraged to apply online within 30 days of contact.

Questions? membership@movementdisorders.org

MDS Benefits Include:
- Peer Reviewed Journals: Movement Disorders and Movement Disorders Clinical Practice
- Quarterly Newsletter: Moving Along
- Reduced Course Registration Rates
- Online Resources: CME Activities; Streaming Content; Teaching Slides; Training Videos; and a Video Library with over 1,800 searchable videos

Join over 10,000 movement disorder professional across the globe in working to disseminate knowledge and promote research to advance the field.

www.movementdisorders.org/associate-membership
AOPMC INFORMATION

PRE-CONGRESS COURSE: PRACTICAL MANAGEMENT OF MOVEMENT DISORDERS
Friday, June 4, 2021
11:00 JST - 15:45 JST
This course aims to provide a comprehensive review of practical management of movement disorders for general neurologists and physicians to easily understand and enjoy. After completing the course, you will have new insights into movement disorders phenomenology and pathophysiology, basic genetics, evaluation and management of Parkinson’s disease and Parkinson-plus syndromes, multidisciplinary approach for nonmotor symptoms, and diagnosis and treatment of all hyperkinetic disorders.

DEVELOPMENT SESSION SERIES
Friday, June 4, 2021
13:00 JST - 14:30 JST
Saturday, June 5, 2021
15:00 JST - 16:30 JST
These live interactive sessions provide participants with insight on the best approaches to pursue and build on a career in Movement Disorders.

MEET THE EXPERT DISCUSSIONS
Friday, June 4, 2021
14:45 JST - 15:45 JST
Each Meet the Expert discussion will be in an interactive round-table format and is meant to answer delegates’ questions and to provide them with practical knowledge on how to be successful in their careers. The session will begin with a brief overview from the Expert providing details on what they do, and their journey to get there. The discussion will then transition into a question and answer format. Smaller groups of 15-20 delegates will attend each session in order to facilitate a fruitful discussion. Each Expert will hold their discussion as a private Zoom meeting during this time.

Please note, registration is required to attend a Meet the Expert Discussion as space is limited. Registration for Meet the Expert Discussions will open in May 2021.

OPENING CEREMONY
Friday, June 4, 2021
16:00 - 16:30 JST
All participants are encouraged to attend the Opening Ceremony to officially kick off the Virtual AOPMC.

VIRTUAL VIDEO TOURNAMENT
Saturday, June 5, 2021
18:45 JST - 20:45 JST
Please join Masters of Ceremony, Victor Fung and Han-Lin Chiang, during the LIVE Virtual Video Tournament where attendees will witness clinical experts - Asha Kishore, Beomseok Jeon, Ai Huey Tan, Eng-King Tan, and Yih-Ru Wu - analyze and discuss a case by phenomenology, syndromic classification and differential diagnosis. The audience will be able to submit comments via a live chat. This event will challenge participants to improve diagnostic skills with unique and interesting cases. This event is open to all registered delegates.

MDS-AOS REGIONAL UPDATE
Sunday, June 6, 2021
15:00 JST - 16:00 JST
All participants are encouraged to attend to receive updates on activities within the MDS-AOS.

CLOSING REMARKS
Sunday, June 6, 2021
20:00 JST - 20:30 JST
Please join us for some closing remarks as we officially wrap up a weekend of excellent education at the Virtual AOPMC.

DAILY SCHEDULE — FRIDAY, JUNE 4, 2021

401 Pre-Congress Course

Practical Management of Movement Disorders
11:00 JST - 15:45 JST

Chairs: Piu Chan, Beijing
      Jong-Min Kim, Seongnam

Part I
Movement Disorders: Basic Phenomenology
Pichet Termsarasab, Bangkok
Pathophysiology of Movement Disorders
Hugo Morales Briceño, Westmead
Genetics of Movement Disorders
Wei Luo, Hangzhou
Diagnosis and Principles of Management of Parkinson’s Disease
Frandy Susatia, Jakarta

Part II
Parkinsonism-Plus Syndromes
Hrishikesh Kumar, Kolkata
Hyperkinetic and Functional Disorders
Taku Hatano, Tokyo
Gait Disorders
Seong Beom Koh, Seoul

Video Case Discussion
Kishore Kumar, Sydney
Charulata Sankhla Savant, Prabhadevi
Cholpon Shambetova, Bishkek

ASPC Liaison: Jong-Min Kim, Seongnam

Recommended Audience: Clinical/General Neurology, Health Professionals (non-physician), Fellows/Residents/Students

301 Development Session

How to Become a Successful Movement Disorders Neurologist: Success Stories from the MDS-AOS
13:00 JST – 14:30 JST

In this interactive session, the MDS-AOS Experts will draw from their experiences to discuss and provide recommendations for becoming a successful Movement Disorders neurologist.

Chair: Raymond Rosales, Quezon City
      Career Planning
      Nobutaka Hattori, Tokyo
      Mentorship
      Huifang Shang, Chengdu
      Teamwork
      Tim Anderson, Christchurch
      Work-Life Balance
      Raymond Rosales, Quezon City
      Contribution to Our Society
      Louis Tan, Singapore

ASPC Liaison: Roongroj Bhidayasiri, Bangkok

Recommended Audience: Researcher/Basic Science, Clinical/General Neurology, Health Professionals (non-physician), Fellows/Residents/Students

Meet the Expert Discussions

14:45 JST - 15:45 JST

In this interactive round-table session, Experts will answer delegates’ question and provide them with practical knowledge on how to be successful in their careers.

Please note, registration is required to attend a Meet the Expert Discussion as space is limited. Registration for Meet the Expert Discussions will open in May 2021.

Opening Ceremony

16:00 JST - 16:30 JST

All participants are encouraged to attend the Opening Ceremony to officially kick off the Virtual AOPMC.

101 Plenary Session

MDS-AOS Lectures and Junior Awards
16:30 JST - 18:30 JST

Chair: Roongroj Bhidayasiri, Bangkok
      Yoshikuni Mizuno Lecture
      Ryosuke Takahashi, Kyoto
      Philip Thompson Lecture
      Beomseok Jeon, Seoul
      Junior Awards
      To Be Announced

Recommended Audience: Researcher/Basic Science, Clinical/General Neurology, Health Professionals (non-physician), Fellows/Residents/Students

102 Plenary Session

Phenotype Genotype in the MDS-AOS Region
19:00 JST - 20:30 JST

Chairs: Nobutaka Hattori, Tokyo
       Chon-Haw Tsai, Taichung

Recent Discoveries in the MDS-AOS
Eng-King Tan, Singapore

Hyperkinetic Disorders
Victor Fung, Sydney

Ataxia/Hereditary Spastic Paraparesis
Norlinah Mohamed Ibrahim, Bandar Tun Razak

ASPC Liaison: Victor Fung, Sydney

Recommended Audience: Researcher/Basic Science, Clinical/General Neurology, Health Professionals (non-physician), Fellows/Residents/Students

To view sessions in your local time, please use the following link: https://www.timeanddate.com/worldclock/converter.html

www.aopmc.org
DAILY SCHEDULE — SATURDAY, JUNE 5, 2021

103  Plenary Session

Current and Future Therapies in Parkinson’s Disease: An “MDS-AOS Perspective”
11:00 JST - 12:30 JST

Chairs: Shengdi Chen, Shanghai
Barry Snow, Auckland

Early Pharmacological Management
Shen-Yang Lim, Petaling Jaya

Medical Management Strategies for Advancing Disease Phases
Beomseok Jeon, Seoul

Disease-Modifying Treatment: Current and Future
Simon Lewis, Sydney

ASPC Liaison: Shen-Yang Lim, Petaling Jaya

Recommended Audience: Researcher/Basic Science, Clinical/General Neurology, Health Professionals (non-physician), Fellows/Residents/Students

104  Plenary Session

Abstract Oral Platform Presentations
13:00 JST – 14:30 JST

This session will highlight the relevance, novelty and quality of both top clinical and top basic science research presented by one of the authors.

Chairs: Thomas Kimber, Adelaide
Louis Tan, Singapore

Recommended Audience: Researcher/Basic Science, Clinical/General Neurology, Health Professionals (non-physician), Fellows/Residents/Students

302  Development Session LEVEL 1

Skills Workshop for Young Members
15:00 JST – 16:30 JST

In this interactive session, senior members will share tips and strategies and active young members will share challenges on the publishing of manuscripts and delivering effective scientific presentations.

Chair: Ai Huey Tan, Kuala Lumpur

How to Get Your Manuscripts Published?
Jee-Young Lee, Seoul
Eng-King Tan, Singapore

How to Deliver Your Scientific Presentations Effectively?
Kai-Hsiang Stanley Chen, Hsinchu County
Carolyn Sue, Sydney

ASPC Liaison: Roongroj Bhidayasiri, Bangkok

Recommended Audience: Researcher/Basic Science, Clinical/General Neurology, Health Professionals (non-physician), Fellows/Residents/Students

201  Parallel Session

Parkinson’s Disease Biomarkers and Pathology
17:00 JST – 18:30 JST

Chairs: Hideki Mochizuki, Osaka
Jing Zhang, Hangzhou

Fluid Biomarkers in Parkinson’s Disease
Chin-Hsien Lin, Taipei

Insights from Pathological Studies
Satoshi Orimo, Tokyo

The Role of Imaging in Prodromal and Early Parkinson’s Disease
Jong-Min Kim, Seongnam

ASPC Liaison: Hideki Mochizuki, Osaka

Recommended Audience: Researcher/Basic Science, Clinical/General Neurology, Health Professionals (non-physician), Fellows/Residents/Students

202  Parallel Session

Sleep-Related Disorders in Parkinson’s Disease and Atypical Parkinsonian Disorders
17:00 JST – 18:30 JST

Chairs: Roongroj Bhidayasiri, Bangkok
Yoshio Tsuboi, Fukuoka

Neurobiology of Sleep: Concepts to Clinical Implications
Wing Yun Kwok, Hong Kong

Prodromal-to-Advanced Stage Manifestations
Claudia Trenkwalder, Kassel

From the Laboratory to Home-Based Assessments
Jirada Sringean, Pathumwan

ASPC Liaisons: Roongroj Bhidayasiri, Bangkok
Yoshio Tsuboi, Fukuoka

Recommended Audience: Researcher/Basic Science, Clinical/General Neurology, Health Professionals (non-physician), Fellows/Residents/Students

To view sessions in your local time, please use the following link: https://www.timeanddate.com/worldclock/converter.html
